

Find the right benchmark without burning hours

THE SITUATION

Googling this takes forever.
4 of 5 articles cite the same 2019 report.
None match your industry or your year.

My [metric] is [X].
Context: [industry, business type, channel].
Find real benchmarks from research reports.
For each: name the source and the year.
Tell me where I likely fall and why.
Don't invent numbers, only sources you can name.

WHAT WE GOT

Reference point in 5 minutes, not 5 hours.
The "don't invent" line blocks hallucination.
